

Over 40 years and many members later, the 'ORC' remains committed to supporting and encouraging runners of all ages and levels of experience. Whatever the reasons, we are ready to support you with years of combined experience, insights, and endless enthusiasm to aid supporting healthy, injury-free running, and of course, fun.

Welcome,

The Club was formed in May of 1980 when Bruce Birnbaum and his running buddies put their heads together with the intent of creating a "connection" between themselves and those runners they so often greeted on the roads.

Good Running to You in 2024
